

OD 1208039

**Fig.7:** Map showing structural elements and seismic lines in the North Sea and Norwegian-Danish Basin. Red dots are investigated wells and boreholes, black dots are wells and boreholes referred to and magenta and blue lines are locations of seismic profiles. The map is according to the Norwegian Petroleum Directorate web page ([www.npd.no](http://www.npd.no)). See Fig. 6 for legend.
