
Underexplored Plays - Part III

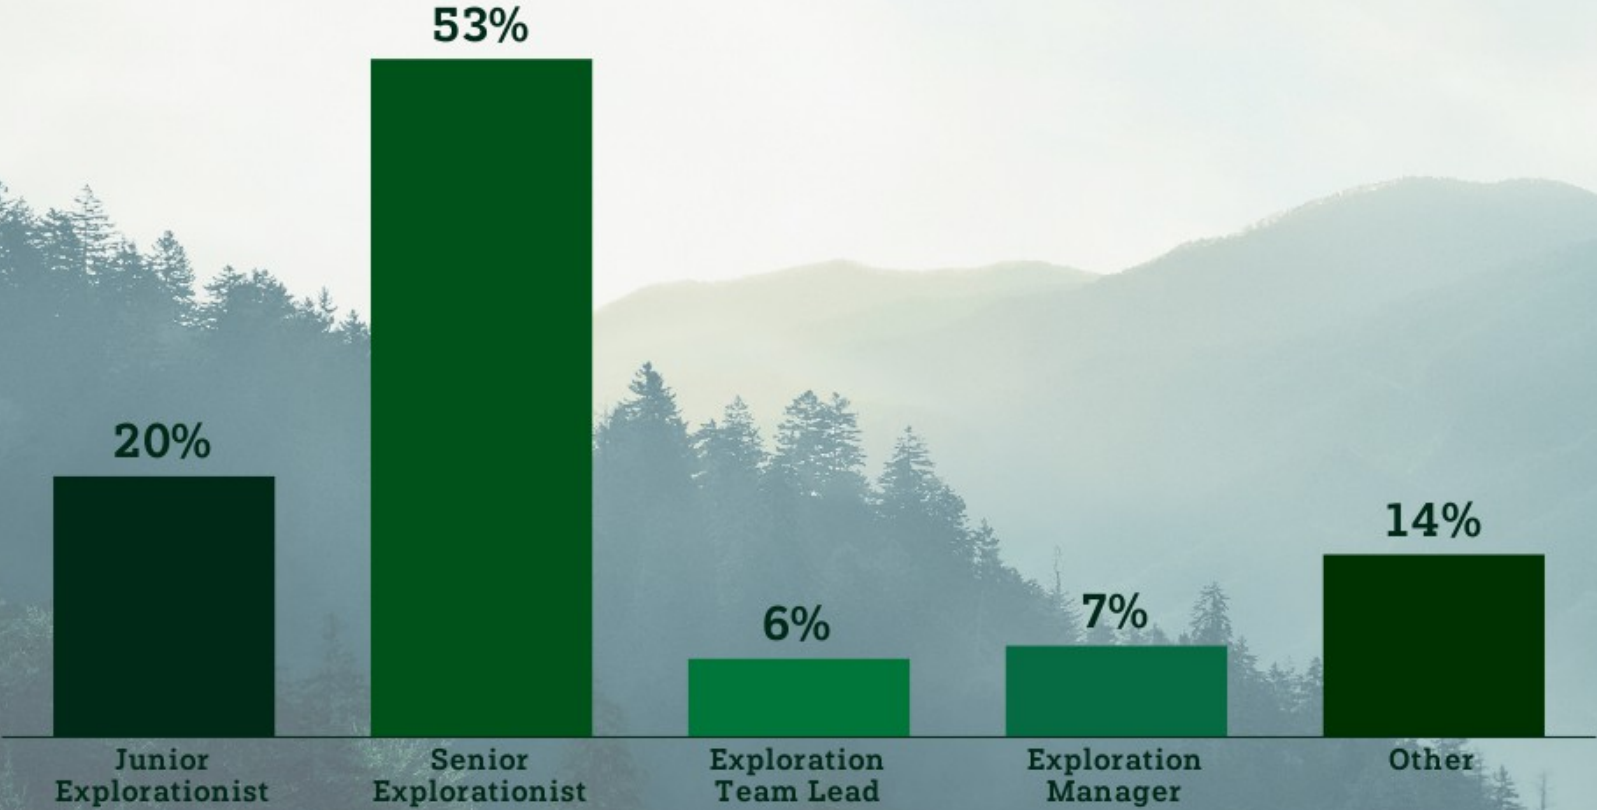

Questions to the Audience

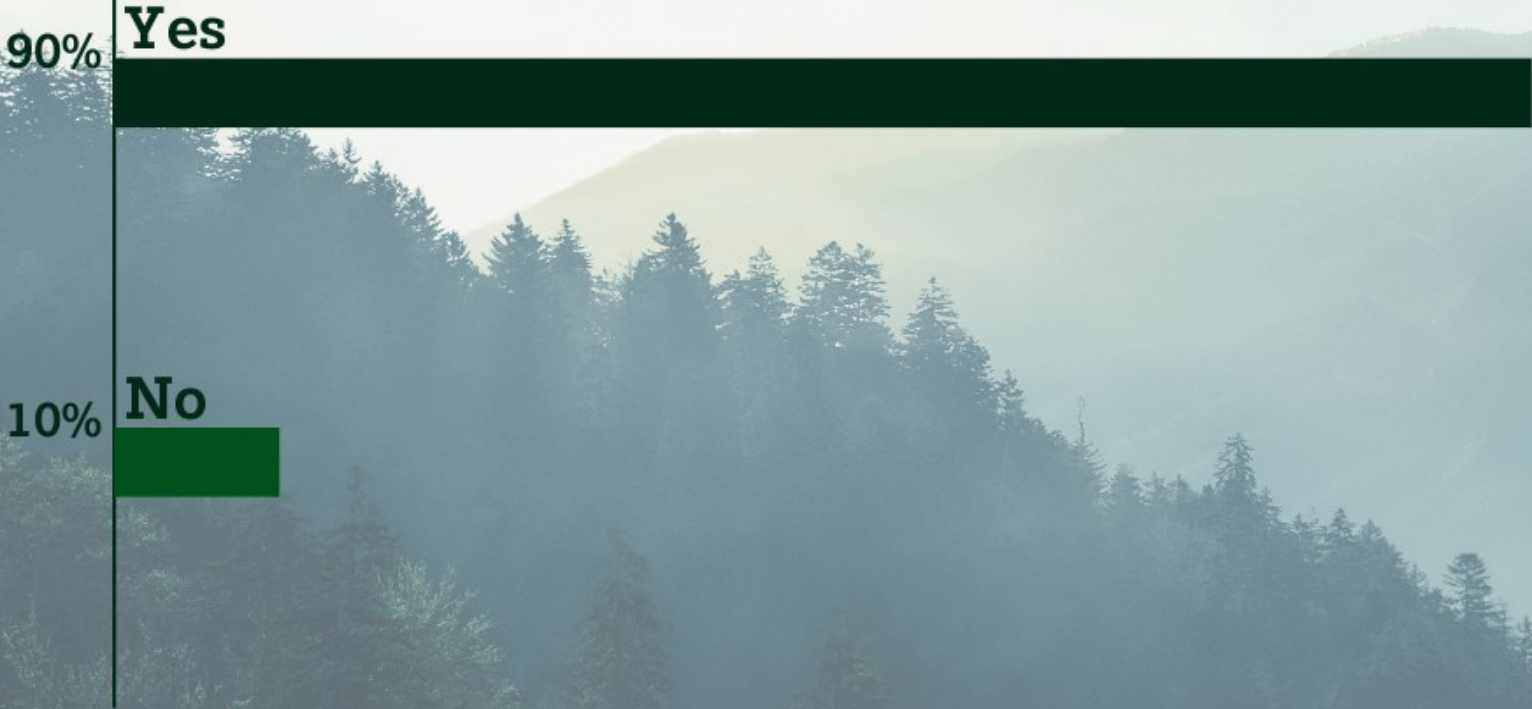

Write 1 word that describes what you expect from this conference

What is your background?

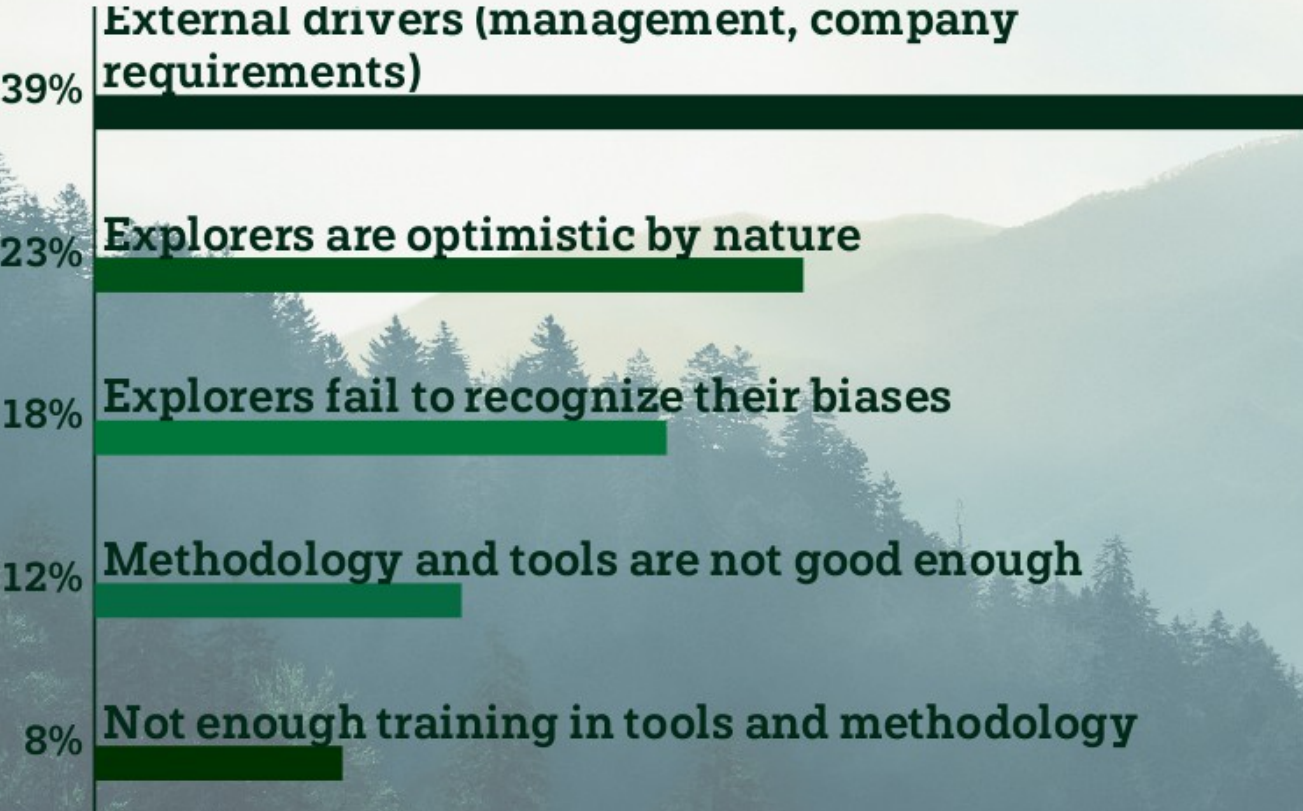

Is there a need for a new Find Forum?

If such Find Forum is established, what should be it's main focus?

What, in your opinion, is the main reason for the apparent poor industry performance in volume estimation?

Do you believe Source/Migration is the most common failure reason for wells in Upper Triassic-Mid Jurassic Plays?

How many of your work hours do you spend on non-technical tasks?

Senior Geologists ONLY: How many of your work hours do you spend on geological interpretations?

What is your main expectation for tonight's Networking Dinner?

Get to know new people

Be inspired

Having a good time

Learn something new

Other

How are you this morning?

Bit sleepy

Excellent

Need coffee!

Excellent

Grumpy

Hangover

Superduper

Just fine

Fabulous!

How are you this morning?

Great!

Just fine

Fine

I feel good. James Brown

excited

Nervous

Go go go!

Excellent

Excellent

How are you this morning?

Awake

Great

Just fine

Ready for more!

Bad hair day

Great

Never been better

Thinking of Bjørn A

Great

How are you this morning?

Excited!!

Tired

Excellent

Best kind!

Just fine

Perfect!

Sleepy

Ready for coffee ☕

Wonderbra

How are you this morning?

Terrific

Fine

Unshaven

Fantastic

Happy

Fine

Better than grumpy

Not sure yet

Good

How are you this morning?

Bit sleepy

So GREAT 😊😊

Full of energy

Fine

Need coffee

Could be better

Ok

Tired

Great

How are you this morning?

Excited

Great

Ok

It feels like I have been
thrown in front of a bus and
ran over several times!

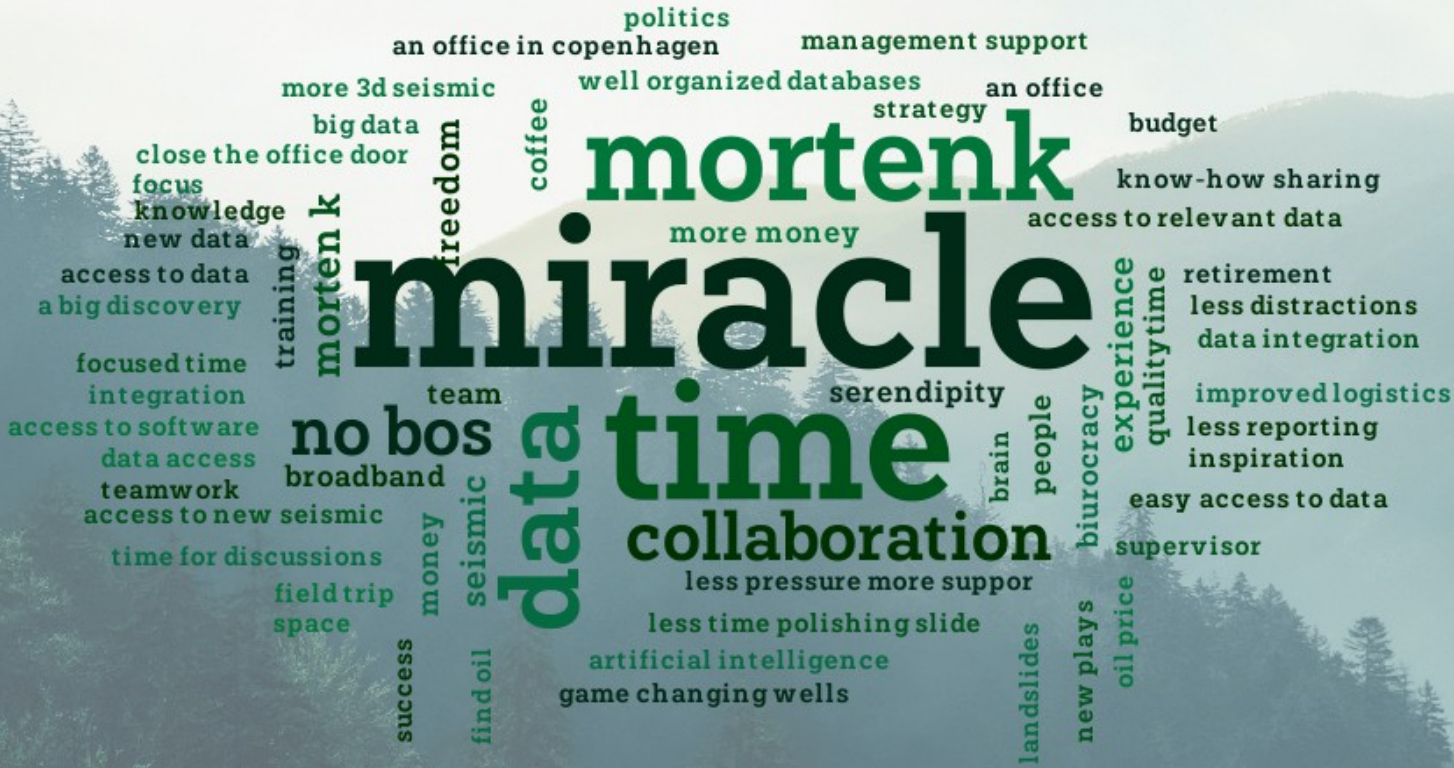

great

Ok

Great

Name one thing that would enable you to become a better explorationist

Name at least 2 things that you think will impact Exploration results in the coming years

Oil Price

Oil price

More drilling

Oil price

Demand

Oil price

Oil price

Collaboration

Data quality

Name at least 2 things that you think will impact Exploration results in the coming years

Oil price

Sucess

Politics

Politics

Oil price

Tax relief

Oil price

Finding a white elephant

Digitalisation Innovation

Name at least 2 things that you think will impact Exploration results in the coming years

Landslides

Wells

Drill wells Drill more wells

Creativity

Recent results

Politics and new ideas

Artificial intelligence and pure luck

Digitalization

Oil price

Name at least 2 things that you think will impact Exploration results in the coming years

Oil Price

Understaffing related to downturn

New ideas

Well results

Prestack broadband seismic

lack of explorationists

Challenge accepted truth

Better seismic

Realistic volumetrics

Name at least 2 things that you think will impact Exploration results in the coming years

Better risk assessment

Breaking paradigms

Environmental concerns

Successful wells in new plays

Tax regime

Success

Move to other energy sources

Oil price Brave ideas

big data

Name at least 2 things that you think will impact Exploration results in the coming years

We are

Regional understanding

New sources of energy

Finding an elephant

Courage

Tax regime

Brave companies

sharing knowledge

Oil price Politics

Name at least 2 things that you think will impact Exploration results in the coming years

Seismic data quality

New ideas

Recent results

Motivating people

Management

Oil price, technology

That we have top few explorationists available to be creative and develop new concepts

New improved seismic in mature areas

Global Politics

Name at least 2 things that you think will impact Exploration results in the coming years

Play opener successes in immature areas

'Survivors' who still have a job are to a large extent exhausted and demotivated - and that will have consequences

With increased workload, some explorationist will burn out and go on sick leave

Stupid to fire good people only to hire them back after the downturn

Market volatility

Change in manager bonuses (drivers)

Trump

Climate

Global competition

Name at least 2 things that you think will impact Exploration results in the coming years

Desperstion

Lack of objectivity

Falling in love with prospects

Live Feedback to the Organising Committee

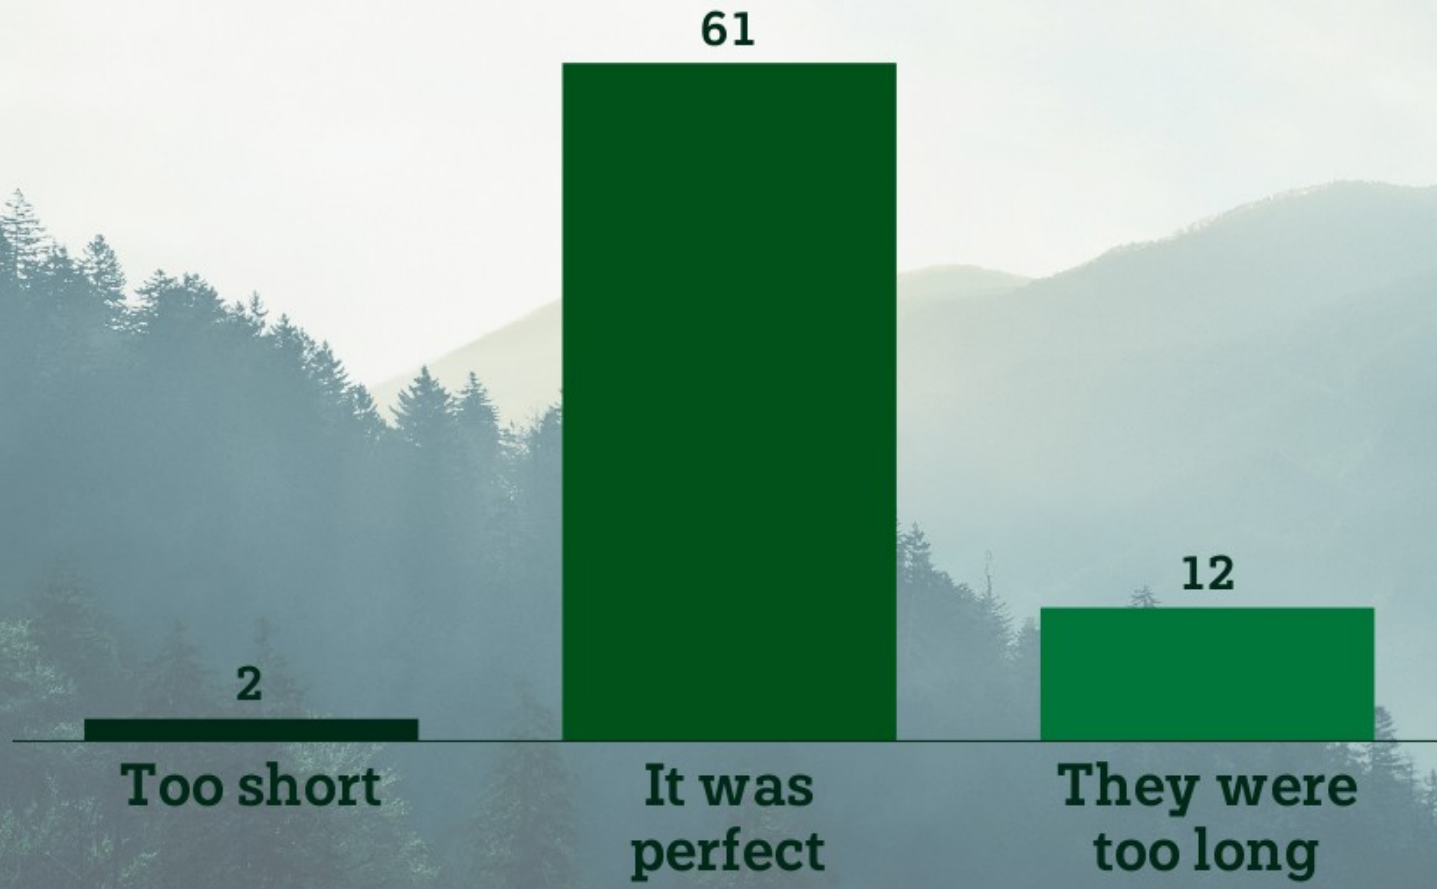

What was the BEST part of the conference?

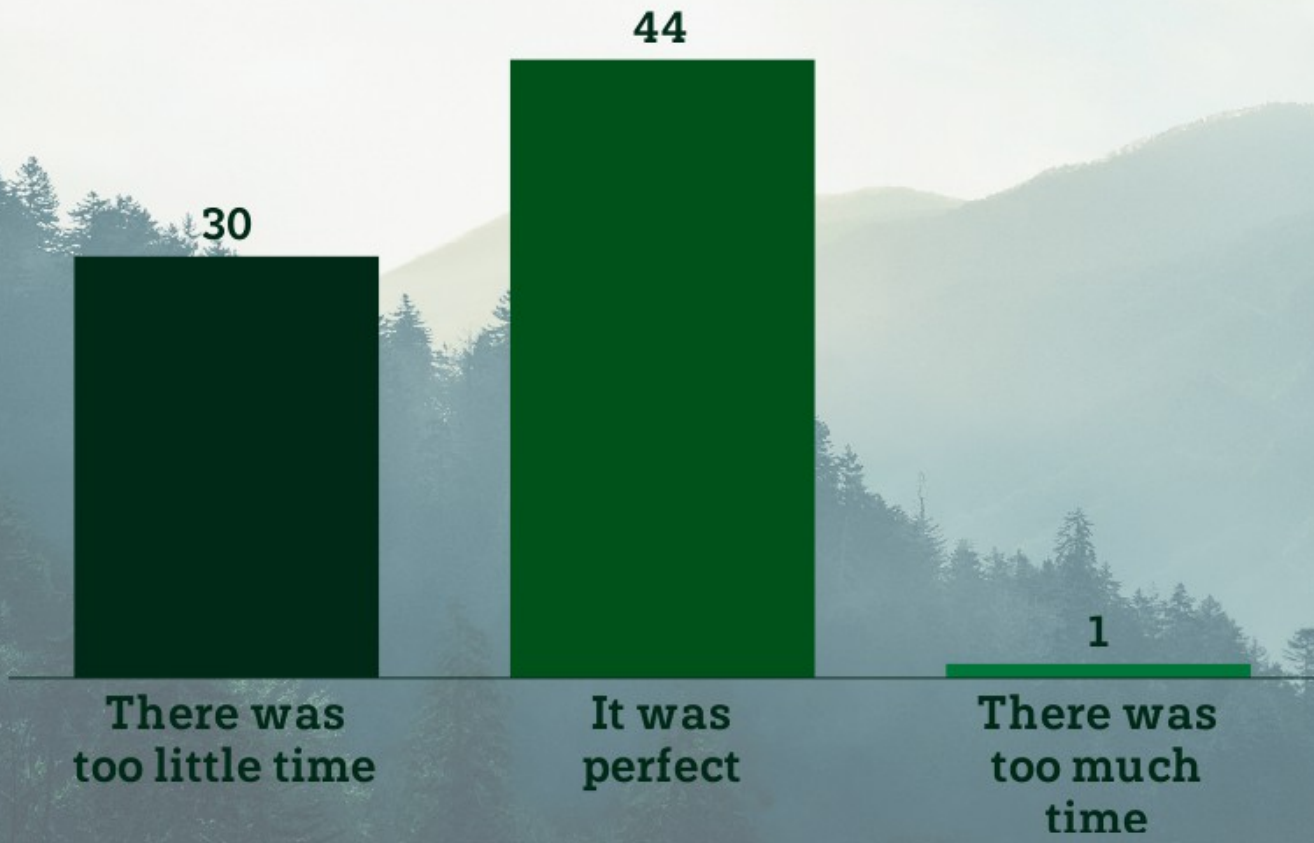

How satisfied are you with the seminar in general?

How was the length of the talks given?

Do you feel there was enough time for discussions?

Which topics would you like to be included in a future UxP conference?

Sub-basalt

Subbasalt

Sourcing

Post well analysis

Stratigraphic traps

Carbonates

Unconventional

Upper Cretaceous chalk such above Gullfaks

More post well discussions

Which topics would you like to be included in a future UxP conference?

Basement

Charge

Sub-basalt

Tertiary Norwegian Sea

Retention

Cenozoic

Anything not tested

Prospect volumetrics

Heavy oil

Which topics would you like to be included in a future UxP conference?

Below existing discoveries

Strat traps

Post well analysis

Strat traps

Deep water Norwegian Sea Plays

Barents sea

Fractured reservoir

Post well analysis

Carbonates

Which topics would you like to be included in a future UxP conference?

Stratigraphic traps

Stratigraphic traps

Source and migration

Carboniferous

Shallow opportunities

Post well

Wildcards

Carboanates intensification

Crossboarder exploration

Which topics would you like to be included in a future UxP conference?

Tertiary

Basement

Strathigraphyc traps

Global analogs

Carbonates

Retention

Injectites

Lofoten area

Fractured reservoir

Which topics would you like to be included in a future UxP conference?

Slørebotn

Basin model

Missed pay

Carboniferous barents sea

Reality test

Carbonates

Sub basalt

Lofoten area

Beer

Which topics would you like to be included in a future UxP conference?

Diagenetic trappa in chalk

It was perfect

Cake in the morning

More variating topics

Occasional stricter time controls in speakers

Continue

More beer

Great work - Fantastoc Seminar

More shorter breaks

Which topics would you like to be included in a future UxP conference?

Mentimeter

Variatio

64

What could we do better next time?

Keep up

More cake

Better Coffee

More wine

More wine

Espresso

More and shorter breaks

Flowers for the speakers &
organizing comitee

Better plays

What could we do better next time?

It was perfect

Nice coffee

Availability of ppt?!?!

Prospect calculations

Was very good

Better coffee more wine

Shorter lunch break

Not Mentimeter

Espresso

What could we do better next time?

Shorter breaks, but more

More short breaks

Keep it up

Presentations available

City center location

No need to change anything

Do it again soon

Access to presentatins

Medals

What could we do better next time?

it was already perfectly organised

Analogue global plays

Don't change the winning recipe

Bla

Bla

Thank you
